## **All TCRC Local Chairs- CPR Eastern and Western Regions - Bulletin 2**

Your TCRC Negotiating Committee met with Canadian Pacific Railway for four days from October 21 – 24, 2014 in Montreal. This represented our first full session with the Company bargaining team.

This bargaining session consisted of explanations about certain issues and included discussions on various fatigue management components. There remains a lot of discussion to complete this preliminary task of designing features to address your demands and concerns respecting these matters.

In continuing this task we will be requesting relevant information through the Local Chairs that will help us to advance your issues through the bargaining process. We expect and appreciate the ongoing cooperation and involvement of the membership in working with the Local Chairs in gathering this information.

Our next Bargaining session is scheduled for the week of November 3 – 7, 2014 in Calgary. Further dates are scheduled for mid-November in Toronto and we will advise you of future dates in due course.

Please note that we remain in the preliminary stages of discussions and there is not much more information to report. Hopefully the five day session scheduled in Calgary will be more productive.

In Solidarity,

Dave Fulton
