

## **TEAMSTER CANADA** **RAIL CONFERENCE**

### **DIVISION 320**

#### **NOTICE TO MEMBERS NEW COLLECTIVE AGREEMENT PROVISIONS NOW IN EFFECT**

Brothers and Sisters,

This is to advise that the new Collective Agreement Provisions are now in effect. These include the Short Turn Provisions, No Scoop Provisions, and Yard Rest Provisions. Excluded is the 48 hour rest provision for Unassigned Road Employees, as this was clearly marked as being effective with your mileage date following January 1, 2016.

#### **SHORT TURN RULE:**

Please be aware that the Short Turn Rule only applies to turn service, and does not apply to members called for Roadswitchers, Extra Roadswitchers, Yards, Extra Yards, or TCS.

Therefore, you may only book a short turn at the home terminal when called in turn service, and booking 10 hours or less of rest upon tie up.

Please remember, when called for a work train, they must notify you if you are called straight away or turn. If they do not notify you, please ask.

Those called in turn service at the away from home terminal WILL be placed back in their original turn.

#### **NO SCOOP RULE:**

Members will be placed at the Away From Home Terminal in the order they were called out of the Home Terminal.

**It is YOUR responsibility to ensure proper placement. Placement will not be reviewed beyond one hour of tie up.**

If you have any questions, please contact your Local Reps.

Thank you.
